

1440

Dear Superintendent Lawsky and General Counsel Syracuse,

You've got to be kidding. Virtual currencies are no different from cash. You can't track normal cash purchases now. Why should you be able to track any other kind of purchases? Give it up, or encourage companies, and people, to leave New York. I'm already avoiding New York in my job search. Don't make it even worse.

Sincerely,

Howard S Shubs
