August 17, 2018

Dear Superintendent Vullo:

The following is to urge you to approve the sponsored demutualization of MLMIC. As such, MLMIC has been an endorsed partner of ours for over 15 years. During our partnership, MLMIC continuously provides our members with high quality insurance protection at rates they can afford. Overall, we find MLMIC's risk management and claims services are second to none, helping our members identify causes of loss, take remedial action, and defend us in the courtroom like no other.

The alliance with Berkshire will strengthen MLMIC financially, allowing them to serve us with other risk financing options they didn't offer before. MLMIC will also qualify for an A++ Best rating, which is appealing to our members from a financial security perspective.

Our partnership with MLMIC has helped us serve our members and their patients in our communities for years to come. We think the alliance with Berkshire will enhance our partnership and aid us in continuing to serve our physicians and their patients for many years to come. In closing, I would like to urge you to approve the sponsored demutualization of MLMIC as in the best interest of the members of your Society who are MLMIC Policyholders.

Realba Rodriguez
