CERTIFICATION

I, Linda A. Laceywell, Superintendent of Financial Services, do hereby certify that the foregoing is the Sixtieth Amendment to Part 52 of Title 11 of the Official Compilation of Codes, Rules and Regulations of the State of New York (Insurance Regulation 62), entitled “Minimum Standards for Form, Content and Sale of Health Insurance, Including Standards of Full and Fair Disclosure”, signed by me on May 2, 2020, pursuant to the authority granted by Sections 202 and 302 of the Financial Services Law and Sections 301, 3216, 3217, 3221, and 4303 of the Insurance Law, to take effect upon filing of the Notice of Emergency Adoption with the Secretary of State.

Pursuant to Section 202(6) of the State Administrative Procedure Act, the Sixtieth Amendment to 11 NYCRR 52 (Insurance Regulation 62) is being promulgated as an emergency measure. A statement of the specific reasons for the finding of the need for emergency action is attached.

**Statement of the Reasons for the Emergency Measure
Sixtieth Amendment to 11 NYCRR 52
(Insurance Regulation 62)**

Governor Andrew M. Cuomo declared a state of emergency on March 7, 2020 to help New York more quickly and effectively contain the spread of the novel coronavirus (“COVID-19”). While the COVID-19 pandemic has had an immeasurable impact on all New Yorkers, the impact on essential workers, including health care workers, first responders, and other frontline essential workers has been especially difficult. These workers have been required to directly interact with the public while working during this public health emergency, exposing themselves and their families to incremental risks, to ensure that essential services continue to be available for all New Yorkers. For health care workers and first responders in particular, witnessing the devastating effects of COVID-19 firsthand can take an emotional and psychological toll. This amendment prohibits authorized insurers and health maintenance organizations (collectively, “health care plans”) that provide comprehensive coverage for hospital, surgical, or medical care from imposing, and provides that no essential worker shall be required to pay, copayments, coinsurance, or annual deductibles (unless required by federal law for a high deductible health plan) for mental health services rendered by in-network providers on an outpatient basis for essential workers. The amendment requires every health care plan to provide written notification of the requirements of the amendment to its in-network mental health providers (“providers”) to ensure that the providers do not require an insured to pay a copayment, coinsurance, or annual deductible that is prohibited from being imposed pursuant to the amendment.

Given the continued toll this crisis has had on essential workers, including health care workers, first responders, and other frontline essential employees, it is essential that these workers have access to mental health services. The waiver of copayments, coinsurance, and annual deductibles for in-network mental health services rendered by in-network providers on an outpatient basis is necessary to ensure that these workers have no barriers to the care they need.

To ensure that essential workers have access to mental health services, it is imperative that this amendment be promulgated on an emergency basis for the preservation of public health and general welfare.
