Section 9108 – NYS Insurance Law

Every insurance company authorized to write fire insurance business in this state shall collect, in addition to the applicable premium charge, a fire insurance fee, separately identified and charged to each holder of a policy for the coverage of peril of fire.

Excluded from the application of the fee are policies issued for the protection of household furnishings and/or policies issued to protect one or two-family residential structures, schools, churches and hospitals. In addition, the fee does not apply to inland marine, ocean marine, automobile or aircraft physical damage premiums.
