Wherever “Department” appears in this report, it refers to the New York State Department of Financial Services.

The report indicating the results of this examination is respectfully submitted.

1. EXECUTIVE SUMMARY

The material violation contained in this report is summarized below.

The Company violated Section 1712(a) of the New York Insurance Law by providing Administrative Services to its affiliate Securitas without allocating and receiving payment for the appropriate fees as outlined in its service agreement. (See item 3D of this report)

## 2. SCOPE OF EXAMINATION

The examination of the Company was a full scope examination as defined in the *NAIC Financial Condition Examiners Handbook, 2016 Edition* (the “Handbook”). The examination covers the five-year period from January 1, 2011 through December 31, 2015. The examination was conducted observing the guidelines and procedures in the Handbook and, where deemed appropriate by the examiner, transactions occurring subsequent to December 31, 2015 but prior to the date of this report (i.e., the completion date of the examination) were also reviewed.

In the course of the examination, a review was also made of the manner in which the Company conducts its business and fulfills its contractual obligations to policyholders and claimants. The results of this review are contained in item 7 of this report.

The examination was conducted on a risk focused basis in accordance with the provisions of the Handbook published by the National Association of Insurance Commissioners (“NAIC”). The Handbook guidance provides for the establishment of an examination plan based on the examiner’s assessment of risk in the insurer’s operations and utilizing that evaluation in formulating the nature and extent of the examination. The examiner planned and performed the examination to evaluate the current financial condition as well as identify prospective risks that may threaten the future solvency of the insurer. The examiner identified key processes, assessed the risks within those processes and evaluated the internal control systems and procedures used to mitigate those risks. The examination also included assessing the principles used and significant estimates made by management, evaluating the overall financial statement presentation, and determining management’s compliance with New York statutes and Department guidelines, Statutory Accounting Principles as adopted by the Department, and annual statement instructions.

The financial portion of the examination was led by the State of New York with participation from the States of Illinois and North Carolina.. Since the lead and participating states are all accredited by the NAIC, all states deemed it appropriate to rely on each other’s work.

Information about the Company’s organizational structure, business approach and control environment were utilized to develop the examination approach. The Company’s risks and management activities were evaluated incorporating the NAIC’s nine branded risk categories. These categories are as follows:

- Pricing/Underwriting

- Reserving
- Operational
- Strategic
- Credit
- Market
- Liquidity
- Legal
- Reputational

The Company was audited annually, for the years 2011 through 2014, by the accounting firm of Deloitte & Touche LLP and for the year 2015 by the accounting firm of RSM US LLP (“RSM”). The Company received an unqualified opinion in all years. Certain audit workpapers of the accounting firm RSM were reviewed and relied upon in conjunction with this examination. The Company has an internal audit department with a fully functional internal audit staff performing operational, financial and compliance reviews.

The examiner reviewed the corrective actions taken by the Company with respect to the financial violations contained in the prior report on examination. The results of the examiner’s review are contained in item 7 of this report.

This report on examination is confined to financial statements and comments on those matters which involve departure from laws, regulations or rules, or which require explanation or description.

Total liabilities and surplus	<u>\$914,520,478</u>	<u>\$1,364,783,295</u>	<u>\$450,262,817</u>

The significant increases to the Company's asset and liabilities from December 2010 through December 2015 are mainly the result of the merger of Unity Mutual Life Insurance Company into the Company in 2011 (\$287 million in assets and \$272 million in liabilities) and the surplus relief treaty entered into in 2012 which resulted in \$299 million reserve adjustment.

The Company's invested assets as of December 31, 2015 were mainly comprised of bonds (77.4%), mortgage loans (13.3%), and policy loans (5%).

The majority (99.9%) of the Company's bond portfolio, as of December 31, 2015, was comprised of investment grade obligations.

The following is the net gain (loss) from operations by line of business after federal income taxes but before realized capital gains (losses) reported for each of the years under examination in the Company's filed annual statements:

The significant losses in the ordinary life and individual annuities lines of business in 2011 and 2012 were the result of one-time costs associated with the acquisition of Unity Mutual Life Insurance Company in 2011 and the tax treatment of the Company's surplus relief treaty that began at the end of 2012.

The significant losses in the industrial life line in 2014 and 2015 were a direct result of the Company's implementation of a change to its method of allocating general insurance expenses and federal income taxes to a method that is based on in force policy counts.

The significant increases in losses in the group life line during the examination period were the result of the worsening of mortality experience in 2013, 2014 and 2015, coupled with a decline in premium volume.

## 6. FINANCIAL STATEMENTS

The following statements show the assets, liabilities, capital and surplus as of December 31, 2015, as contained in the Company's 2015 filed annual statement, a condensed summary of operations and a reconciliation of the capital and surplus account for each of the years under review.
