4. **LOSSES AND LOSS ADJUSTMENT EXPENSES**

The examination liability for the Company's loss and loss adjustment expenses, net of reinsurance, of \$86,586,988 is \$4,126,850 more than the \$82,460,138 reported by the Company as of December 31, 2013.

The examination determined that the Company gross reserves, at the examination date, were \$303,418,422. The examination figure is \$36,413,422 more than the \$267,005,000 reported by the Company in Rochdale's 2013 statutory statement.

At the examination date, the financial statements include reinsurance reserve credit, for losses ceded to AmTrust International (Bermuda) and Technology of approximately \$166,672,600 and \$44,389,315, respectively. The Company has additionally reduced its unearned premium reserve by approximately \$67,690,000 with cessions of \$52,723,000 and \$14,967,000, respectively, to AmTrust International and Technology. The reserve credits taken in connection with the cessions to AmTrust International were fully collateralized at the examination date.

The examination increase in the gross reserves did not impact the Company's provision for reinsurance. The reason for this is that the AmTrust International had approximately \$25,335,000 of excess collateral in place at December 31, 2013.

The examination analysis of the loss and loss adjustment expense reserves was conducted in accordance with generally accepted actuarial principles and statutory accounting principles, including the NAIC Accounting Practices & Procedures Manual, Statement of Statutory Accounting Principle No. 55 ("SSAP No. 55").

It is recommended that the Company establish its Adjusting & Other expense reserve (A&O reserve) in compliance with the guidance provided in the NAIC Accounting Practices and Procedures Manual, as follows: "...the liability for unpaid loss adjustment expenses should be established regardless of any payments made to third party administrators, management companies, or other entities." It appears that the booked A&O reserve does not reflect compliance with these NAIC instructions.

The examination noted that the Company’s Board of Directors (the “Board”) appears to provide minimal oversight of the reserving process. Due to the significance of reserves within the financial statements, the examiners recommend that the Board increase its involvement in the reserving process.

B. <u>Accounts and Records</u>
