The Company is also licensed to accept and cede reinsurance as provided in Section 6606 of the Insurance Law of the State of New York.

Based on the lines of business for which the Company is licensed and pursuant to the requirements of Articles 13, 41 and 66 of the New York Insurance Law, the Company is required to maintain a minimum surplus to policyholders in the amount of \$1,200,000.

The following schedule shows the direct premiums written by the Company both in total and in New York for the period under examination:

<u>Calendar Year</u>	<u>New York State</u>	<u>Total Premiums</u>	<u>Premiums Written in New York State as a percentage of Total Premium</u>
2008	\$74,283,902	\$ 94,842,326	78.32%

2012	\$72,150,449	\$108,447,038	66.53%

At December 31, 2012, the Company wrote insurance through independent agents. The Company's predominant lines of business are commercial multiple peril and homeowners multiple peril which accounted for 75.3% and 22.3% of the Company's 2012 direct written premium, respectively.

C. Reinsurance

Assumed reinsurance accounted for less than 1% of the Company's gross premium written at December 31, 2012. The Company's assumed reinsurance program consists solely of coverages assumed through mandated pools. The Company utilizes reinsurance accounting as defined in Statement of Statutory Accounting Principle ("SSAP") No. 62R for all of its assumed reinsurance business.

The Company has structured its ceded reinsurance program to limit its maximum exposure to any one risk to \$100,000. A summary of the Company's ceded reinsurance program for 2012 is as follows:

<u>Type of Treaty</u>	<u>Cession</u>
Property (including terrorism coverage) (3 Layers) 100% Authorized	\$3,900,000 excess of \$100,000 ultimate net loss, each loss, each risk and further subject to a limit of liability to the Reinsurer of \$4,700,000 each occurrence.
<u>Property Catastrophe Excess of Loss</u> First Layer (59% Authorized)	\$2,000,000 excess of \$3,000,000 ultimate net loss, each occurrence, subject to a limit of liability to the reinsurer of \$4,000,000.
Second Layer (66% Authorized)	\$5,000,000 excess of \$5,000,000 ultimate net loss, each occurrence, subject to a limit of liability to the reinsurer of \$10,000,000.
Third Layer (62% Authorized)	\$10,000,000 excess of \$10,000,000 ultimate net loss, each occurrence, subject to a limit of liability to the reinsurer of \$20,000,000.
Fourth Layer (48% Authorized)	\$34,000,000 excess of \$20,000,000 ultimate net loss, each occurrence, subject to a limit of liability to the reinsurer of \$68,000,000.
<u>Property Terrorism</u>	\$12,000,000 excess of \$2,000,000 ultimate net loss, each loss occurrence
<u>Casualty (including terrorism coverage)</u> (4 Layers) 100% Authorized	\$2,900,000 excess of \$100,000, each occurrence.

The Company maintains facultative reinsurance coverage for its property exposures with total insured value over \$2,500,000; facultative coverage is in excess of \$1,000,000 each loss.

The Company also maintains quota share coverage for commercial and homeowners policies whereby it cedes 100% of the liability and premium for its equipment breakdown business written on its policies and endorsements for equipment breakdown coverage. Cessions by the Company for these treaties limit the liability to the Reinsurer to \$20,000,000 for the commercial coverage, and \$50,000 for the homeowner's coverage on any one risk.

The Company also maintains additional coverage for endorsements to Identity Theft Risk policies written for office risks only that is limited to \$15,000 per insured, and Employment Practices policies for offices only that is limited to \$100,000 each wrongful act, as well as for Data Compromise policies for these offices up to \$25,000 per policy, \$250,000 aggregate limit to the Reinsurer.

The Company also maintains reinsurance coverage for its Identity Theft Risk policies and its Employment Practices Liability policies that do not cover offices. The reinsurance coverage is limited to \$15,000 annual aggregate per insured and to \$250,000 each wrongful act, subject to an annual aggregate limit to the Reinsurer not to exceed \$250,000, respectively.

The Company also maintains reinsurance coverage for its personal, farm and commercial umbrella policies; and Miscellaneous Professional Liability Coverage.

It is the Company's policy to obtain the appropriate collateral for its cessions to unauthorized reinsurers. Letters of credit and trust accounts obtained by the Company to take credit for cessions to unauthorized reinsurers were reviewed for compliance with Department Regulations 133 and 114, respectively.

All ceded reinsurance agreements in effect as of the examination date were reviewed and found to contain the required clauses, including an insolvency clause meeting the requirements of Section 1308 of the New York Insurance Law ("NYIL"), except for the agreements as noted below.

Upon examination, it was noted within the 2012 facultative agreement with Arch Reinsurance Company that the offset clause does not state that Section 7427 of the NYIL will apply in the event of rehabilitation or liquidation.

It was also noted within the Miscellaneous Professional Liability Coverage with Hartford Steam Boiler Inspection & Insurance Company, in effect at 12/31/12, that the offset clause does not state that Section 7427 of the NYIL will apply in the event of rehabilitation or liquidation.

It is the policy of the Department that language acknowledging Section 7427 of the NYIL be included in all offset clauses.

It is recommended that the Offset Clause found in these reinsurance agreements be amended to state that the offset will comply with Sections 1308 and 7427 of the New York Insurance Law. It is also recommended that all future reinsurance agreements to which the Company is a party that contain an offset clause, include the proper wording stating that Section 7427 of the New York Insurance Law will apply in the event of rehabilitation or liquidation.

Examination review of the Schedule F data reported by the Company in its filed annual statement was found to accurately reflect its reinsurance transactions. Additionally, management has represented that all material ceded reinsurance agreements transfer both underwriting and timing risk as set forth in SSAP No. 62R. Representations were supported by appropriate risk transfer analyses and an attestation from the Company's Chief Executive Officer and Chief Financial Office pursuant to the NAIC Annual Statement Instructions. Additionally, examination review indicated that the Company was not a party to any finite reinsurance agreements. All ceded reinsurance agreements were accounted for utilizing reinsurance accounting as set forth in paragraphs 17 and 19 of SSAP No. 62R.

During the period covered by this examination, the company did not commute any reinsurance agreements.

D. Holding Company System

The Company was not a member of any Holding Company system as of December 31, 2012.

E. Significant Operating Ratios

The following ratios have been computed as of December 31, 2012, based upon the results of this examination:

Net premiums written to surplus as regards policyholders	57%
Liabilities to liquid assets (cash and invested assets less investments in affiliates)	53%
Premiums in course of collection to surplus as regards policyholders	4%

All of the above ratios fall within the benchmark ranges set forth in the Insurance Regulatory Information System of the National Association of Insurance Commissioners.

The underwriting ratios presented below are on an earned/incurred basis and encompass the five-year period covered by this examination:

	<u>Amounts</u>	<u>Ratios</u>
Losses and loss adjustment expenses incurred	\$190,607,216	68.38%
Other underwriting expenses incurred	77,416,710	27.77
Net underwriting loss	<u>10,739,173</u>	<u>3.85</u>
Premiums earned	<u>\$278,763,099</u>	<u>100.00%</u>

F. Accounts and Records

1. Agent Termination

During the current review of agent termination notices issued by the Company, it was found that some of the agent termination notices contained unsupported general statements as to the reason for termination. This is not in compliance with Part 218.4(a) of Department Regulation 90 which states:

“All notices to agents or brokers that their contract is to be terminated, in whole or in part, shall state the specific reason or reasons for such termination. A specific reason shall not be an unsupported general statement such as ‘insufficient volume’ or ‘poor loss ratio’...”

It is therefore recommended that the Company comply with Department Regulation 90 Part 218.4(a) by including specific reasons for termination in agent termination notices. It was noted that a similar recommendation was contained in the prior two reports on examination.

2. Personal Lines Policy Termination

The examiner review of “non-renewed” personal lines business revealed that the Company was labeling some policy cancellations as non-renewals. The examination found that the Company cancelled some personal lines policies prior to the end of the required three-year policy period specified by 3427(a)(7) of the New York Insurance Law. Cancellation of a personal lines policy after the first sixty days it is in effect is only allowed under certain conditions specified in Section 3425(c) of the New York Insurance Law which states in part:

“After a covered policy has been in effect for sixty days, or upon the effective date if the policy is a renewal, no notice of cancellation shall be issued to become effective unless required pursuant to a program approved by the superintendent as necessary because a continuation of the present premium volume would be hazardous to the interests of the policyholders of the insurer, its creditors or the public, or unless it is based on one or more of the following...”

The cancelled policies, noted by the examination, did not meet the conditions allowing for cancellation specified in Section 3425(c) of the New York Insurance Law. Given this observation, it is recommended that the Company comply with Section 3425(c) of the New York Insurance Law by not issuing mid-term cancellations for other than statutory reasons. It is noted that a similar recommendation was included in the prior two reports on examination.

It was further noted that the Company, in its correspondence with the policyholders of the cancelled policies noted by the examination, referred to the cancellations as non-renewals. A non-renewal of this nature should only occur at the end of a three-year policy period and requires at least 45 days but not more than sixty days notice to the policyholder prior to the end of the three-year period. Section 3425(d)(1) of the New York Insurance Law states, in part:

"Unless the insurer, at least forty-five, but not more than sixty days in advance of the end of the policy period, mails or delivers to the named insured, at the address shown in the policy, a written notice of its intention not to renew a covered policy...the named insured shall be entitled to renew the policy upon timely payment of the premium billed to the insured for the renewal. The specific reason or reasons for non-renewal or conditioned renewal shall be stated in or shall accompany the notice. This paragraph shall not apply when the named insured, an agent or broker, or an insurer of the named insured, has mailed or delivered written notice to the insurer that the policy has been replaced or is no longer desired."

It is recommended that the Company comply with Section 3425(d)(1) of the New York Insurance Law by issuing non-renewal notices at least forty-five, but no more than sixty days in advance of the end of the policy period unless the named insured, agent or

broker, or an insurer of the named insured has notified the Company in writing that the policy has been replaced or is no longer desired. It is also recommended that the Company use the correct terminology in corresponding with policyholders as far as distinguishing between cancellations and non-renewals. It is noted that similar recommendations were included in the prior two reports on examination.

3. Regulation 30 – Use of Time Study for Allocation of Expenses

Part 109.3(j) of Department Regulation 30 states, in part, regarding the bases for allocation of expenses:

“Bases shall be made in current period. All bases of allocation shall be compiled or calculated from the transactions or procedures for the period applicable to the expenses to be allocated, unless the use of any other period is justified by investigation made during the applicable period.”

Upon examination, it was noted that the Company used a time study for allocation of certain expenses. It was also noted that the Company did not conduct a time study in 2012 for its Information Technology (“IT”) Department. Instead, the Company used a prior study for the 2012 allocations, but no justification of why this prior study was appropriate could be documented.

It is recommended that the Company comply with Part 109.3(j) of Regulation 30 by conducting a time study in the current period for all Company units when using it as a basis for allocation of expenses, or documenting an investigation that shows that a study done in another period is appropriate for use during the current period.

G. Risk Management and Internal Controls

A risk-focused assessment and review of the Company’s controls was performed in accordance with NAIC requirements as outlined in the Examiners’ Handbook. As a result of the review, it was noted that a few controls identified by the Company were not fully documented.

It is recommended that the Company fully document the existence and performance of each risk mitigation strategy in order for examiners to evaluate the existence of controls in place at the Company and to determine whether the control procedures are operating as expected and performed on a timely basis. Included in the documentation should be required sign-offs by the preparers and reviewers.

The examiners were unable to test certain electronic documentation as the documentation was overwritten in subsequent periods. It is recommended that the Company retain each periodic worksheet, and not write over worksheets from previous periods with current worksheets.
