Honorable Maria T. Vullo
Acting Superintendent of Financial Services
New York, New York 10004

Madam:

In accordance with instructions contained in Appointment No. 31304, dated June 17, 2015 and annexed hereto, an examination has been made into the condition and affairs of the Segregated Gift Annuity Fund of the Archdiocese of New York, hereinafter referred to as the “Fund,” at its home office located at 1011 First Avenue, New York, New York 10022.

Wherever “Department” appears in this report, it refers to the New York State Department of Financial Services.

The report indicating the results of this examination is respectfully submitted.

1. EXECUTIVE SUMMARY

The examiner recommends that the Fund diversify its investment holdings. (See item 4 of this report)

The examiner recommends that the Fund obtain copies of the death certificates of annuitants for annuity contracts terminated. (See item 5 of this report)

2. SCOPE OF EXAMINATION

The prior examination was conducted as of December 31, 2009. This examination covers the period from January 1, 2010 through December 31, 2014. As necessary, the examiner reviewed transactions occurring subsequent to December 31, 2014 but prior to the date of this report (i.e., the completion date of the examination).

The examination comprised a verification of assets and liabilities as of December 31, 2014 to determine whether the Fund's filed 2014 annual statement fairly presents its financial condition. The examiner reviewed the Fund's income and disbursements necessary to accomplish such verification. The examiner also reviewed the corrective actions taken by the Fund with respect to the violation and recommendations contained in the prior report on examination. The results of such review are contained in item 6 of this report.

This report on examination is confined to financial statements and comments on those matters which involve departure from laws, regulations, or rules or which require explanation or description.

3. DESCRIPTION OF FUND

The Archdiocese of New York (“the Archdiocese”) is a religious corporation organized for the purpose of providing grants to support certain pastoral, educational and administrative functions within the Roman Catholic Archdiocese of New York. Under the provisions of its by-laws, the Archdiocese is permitted to issue gift annuity agreements and it has done so since 1981. A special permit was granted to the Archdiocese by the Department on November 2, 1995, authorizing it to issue gift annuity agreements as specified in Section 1110 of the New York Insurance Law.

The Fund handles the issuance of annuity agreements, and maintains the accounting records and individual annuity files at its principal office. The Bank of New York Mellon (“BNY Mellon”) is the investment manager and acts as the custodian to the Fund’s assets. Additionally, BNY Mellon: calculates the annuity amounts to be paid; issues all checks for annuity payments; and, upon notification and receipt of a death certificate from the Fund, calculates the death payout and prepares the death payout check.

The management of the Archdiocese and the Fund and all of its affairs and property are entrusted to a board of trustees. The number of trustees is limited to three regular voting trustees. As of December 31, 2014, the board consisted of three trustees. The trustees elect a president, a vice president, a secretary, a treasurer, and such other officers, including one or more additional vice presidents, one or more assistant secretaries, and one or more assistant treasurers, as deemed appropriate. The nomination and election procedures of the trustees and their term of office are set by the by-laws.

4. SIGNIFICANT FINANCIAL INFORMATION

The following table indicates the Fund's financial growth during the period under review:

	<u>December 31,</u> <u>2009</u>	<u>December 31,</u> <u>2014</u>	<u>Increase</u>
Admitted assets	<u>\$2,724,691</u>	<u>\$7,345,890</u>	<u>\$4,621,199</u>
Liabilities	<u>\$2,123,132*</u>	<u>\$4,830,723</u>	<u>\$2,707,591</u>
Minimum required fund balance	\$ 212,313*	\$ 483,072	\$ 270,759
Excess fund balance (surplus)	<u>389,246*</u>	<u>2,032,095</u>	<u>1,642,849</u>
Total annuity fund balance	<u>\$ 601,559*</u>	<u>\$2,515,167</u>	<u>\$1,913,608</u>
Total liabilities and annuity fund balance	<u>\$2,724,691</u>	<u>\$7,345,890</u>	<u>\$4,621,199</u>

Note: The figures denoted with an asterisk were determined during the prior examination.

The increase in assets, liabilities and annuity fund balance reflects an increase in the total number of annuities in force. Annuities increased from 164 with annual payment amounts of \$304,466 as of December 31, 2009 to a total of 194 with annual payment amounts of \$581,679 as of December 31, 2014.

The Fund's admitted assets, as of December 31, 2014, were invested mainly in common stocks (97.64%).

Section 1409(a) of the New York Insurance Law states,

“(a) Except as more specifically provided in this chapter, no domestic insurer shall have more than ten percent of its admitted assets as shown by its last statement on file with the superintendent invested in, or loaned upon, the securities (including for this purpose certificates of deposit, partnership interests and other equity interests) of any one institution.”

According to the 2014 annual statement on file, the Fund reported: 33.58% invested in the securities of Archdiocese of NY S&P 500 Collective Investment Fund (“CIF”) and 28.39% invested in the securities of Archdiocese of NY Core Fixed CIF. The Fund's current concentration

in the two collective investment funds makes it highly unlikely that the Fund's other assets could provide a variability to offset the risks inherent in these funds.

The examiner recommends that the Fund diversify its investment holdings. A trustee using reasonable care, skill and caution should diversify the Fund's assets. A diversification is proper when it disperses the investments' risks consistent with the Investment Strategy Statement's ("ISS") risk, return, and time horizon objectives, and the various risks in the portfolio offset each other. Section 1409 of the New York Insurance Law is instructive. Limiting exposure to any assets of any one institution to ten percent of admitted assets would reasonably assure that the risks in the investment in that institution are offset by the rest of the portfolio. If the trustee has determined that it is in the interests of the beneficiaries not to diversify, then it should memorialize the reasons for that determination in terms of the ISS's risk, return, and time horizon parameters.

5. TREATMENT OF ANNUITANTS

The examiner reviewed a sample of annuity files to determine whether the annuitants were treated fairly and in accordance with the provisions of the annuity agreements. The examination also consisted of a review of the various controls involved, a check of the accuracy of the computations and the tracing of accounting data to the books of account.

The examiner's review of a sample of nine annuity contracts terminated revealed that in three of the nine cases (33.33%) reviewed, the Fund did not obtain a copy of the death certificate to confirm termination of the annuity contract. In two of the three cases in which the Fund did not obtain a copy of the death certificate, the Fund obtained a copy of the obituary. In the other case, the Fund obtained a copy of the notice from the funeral home.

The examiner recommends that the Fund obtain copies of the death certificates of annuitants for annuity contracts terminated.
