The New York State Department of Financial Services seeks to build an equitable, transparent, and resilient financial system that benefits individuals and supports business. Through engagement, data-driven regulation and policy, and operational excellence, the Department and its employees are responsible for empowering consumers and protecting them from financial harm; ensuring the health of the entities we regulate; driving economic growth in New York through responsible innovation; and preserving the stability of the global financial system.

The Department of Financial Services is seeking applicants for the position of Financial Services Specialist 1 (Cyber Security) in the Cybersecurity Division. Under the direct supervision of higher level staff, the Financial Services Specialist 1 (Cyber Security)'s duties will include, but not be limited to, the following:

- Conducts full scope and target examinations in accordance with State and Federal Financial Institution Examination Council programs of Information Technology (IT) environments (i.e., systems management, electronic financial transactions, internet security, computer banking, etc.) at regulated institutions and technology service providers to ascertain safety and soundness of said environments and for compliance with the relevant laws and regulations such as, the Department's first-in-the-nation Cybersecurity regulation, NYCRR Part 500;
- Determines adequacy of records, systems and controls governing virtual currency;
- Assesses the systems supporting back-office operations (i.e., systems for trading and investment activities and other financial and insurer functions), and the automated systems providing the middle office and front office with the position, limit and other reports necessary to manage risk;
- Assists in the pre-planning and scoping for targeted examinations of regulated virtual currency entities;
- Contributes to writing and/or manage writing the IT/Cybersecurity portion of overall examination reports or target examination reports;
- Prepares and delivers findings of such examinations to higher-level staff and Department management;
- Reviews the policies and procedures relative to IT effects upon virtual currency institution operations;
- Discusses IT examination findings with higher-level staff and/or the examiner-in-charge and participate in meetings with other Department and examinee staff;
- Conducts and participates in training or assist in structuring and preparation of training Department staff on examination issues;
- Researches new virtual currencies and perform pre- and post-implementation reviews; and
- Other duties as assigned.
- Travel may be required up to 50%.
