

Annual Report on Insurance Agent Licensing Examinations

For year ending December 31, 2025

March 15, 2026

Kaitlin Asrow
Acting Superintendent

Introduction

The Report on Insurance Agent Licensing Examinations, as required under Section 214 of the Insurance Law, outlines the total number of examinees, the passing rate of all examinees, the mean scores, as well as additional data on the correlation of the passing rate and mean scores of examinees to the applicants' gender, age, level of education, race, ethnicity, and native language. In 2025, the report was expanded to include Sexual Orientation and Gender Identity (SOGI) demographic data.

The data and demographic statistics provided in this report account for the insurance agent licensing examinations administered from January 1, 2025 through December 31, 2025.

Background

Insurance Law § 214 requires the Superintendent to perform a study of the insurance agent licensing examinations required by Insurance Law § 2103.

Insurance Law § 2103(f)(3) requires the Superintendent to request that an applicant taking insurance agent licensing examinations set forth their: (1) full name, residence address, business address and mailing address; (2) gender; (3) age; (4) education level; (5) race or ethnicity; and (6) native language. In accordance with Executive Law Section 170-g, the examinations also request SOGI demographic data. The examination must also include a clear and unambiguous statement that the applicant is not required to disclose their gender, native language, highest level of education achieved, race or ethnicity, sexual orientation, current gender, and transgender status, and that the Department of Financial Services will use the information for statistical purposes only.

An applicant may not leave any demographic question blank – they must specify an answer. Therefore, if the applicant does not wish to participate in the study, then they must choose “I decline to participate.” If an applicant believes that their gender, race, education, age, ethnicity, native language, sexual orientation, current gender, and/or transgender status is not specified, then they may choose “unspecified.”

As set forth in § 214 of the Insurance Law the statistics provided in this report are limited to examinations to obtain an insurance agent license, collectively, “Insurance Agent Licensing Examinations” which consist of the following examination categories:

- Life Insurance Agent/Broker
- Accident/Health Agent/Broker
- Life, Accident/Health Agent/Broker
- Personal Lines Insurance Agent/Broker
- Property/Casualty Agent/Broker
- Bail Bond Agent
- Mortgage Guaranty Agent

- Title Insurance Agent

Examinations are multiple-choice and administered electronically. Examination scores are based on the number of questions answered correctly. An individual must correctly answer 70% of the questions to pass the exam. The number of questions ranges from 40 to 150 across the different categories of examinations. The following table provides the total number of questions with correct answers that are required to pass the examination for each category.
